UP TO 90 MINS

Great for:

High energy

Involving everyone

Keeping teams connected

Inspiring colleagues

Take your team on a virtual globe-trotting trip around the world, visiting 22 countries across 65,000 virtual km while putting your teamwork, collaboration and creativity to the test!

A huge variety of content will keep teams engaged and a live scoreboard will keep the momentum. As you travel to each country you'll need to use image recognition to gain entry! How far can you make it across the globe from Argentina to New Zealand in the given time?

There's something for everyone in this activity, designed to test your team's strategy, creativity and ingenuity.

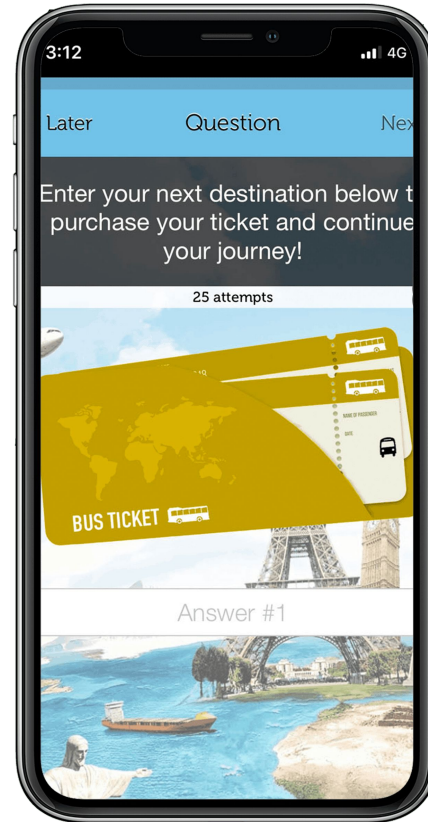

The aim of the game

Upon arrival in each country, players unlock tasks using image recognition technology via our award-winning app. Starting in Argentina, each country contains a series of tasks & challenges to earn enough Travel Credits to make it to their next destination.

Before moving on, teams will have the chance to guess their next destination from cryptic clues to get the ticket for their next journey for free!

Challenges range from performing the Haka in New Zealand and demonstrating Kung-Fu skills in China, to exploring well-known landmarks on Google Maps to uncover the answers to questions.

Keep an eye on the clock, though - Travel Credits are earned not only through completing tasks but for distance travelled too. The team with the most Travel Credits at the end will be crowned the winners!

The initial **Briefing**

We'll brief you as one large group

Then split you into smaller, more manageable teams

Our remote Event Manager will:

- Introduce your group to the activity
- Brief them on downloading the app and game
- Once everyone is ready, they will push the teams out into their own breakout rooms
